Long Distance Service

STATION TO STATION CALLS
(From One Telephone to Another)

A station to station call is one on which you will talk with anyone who answers the telephone in the distant place.

The charge for a station to station call begins when the called telephone or private switchboard answers.

To place a station to station call, give the operator—

FIRST — The name of the distant place.

SECOND—The telephone number wanted (if known), otherwise, the name and address of the telephone wanted. For example: Any one at John Doe's Residence, 425 Main Street.

THIRD — Your own number when the operator asks for it.

PERSON TO PERSON CALLS
(From One Person to Another)

A person to person call is one on which you want to talk with a particular person; or with a particular department reached through a private switchboard; or with a hotel room.

The charge is slightly more than on a station to station call and begins when you reach the person, extension telephone or department you want.

To place a person to person call, give the operator—

FIRST — The name of the distant place.

SECOND—The person or department wanted and also the telephone number and extension number if you know them. If you do not know the telephone number, give name and address under which it is listed. For example: Mr. John Doe at his residence or Mr. John Doe at Read's Department Store, 425 Main Street.

THIRD — Your own telephone number when the operator asks for it.

COLLECT CALLS

If the charges on the call you are placing are to be paid at the distant telephone, tell the operator when giving the call that it is a "collect" call. The charges, if accepted at the distant telephone, will be billed to that telephone.

OVERSEAS TELEPHONE SERVICE

From your telephone you may call certain foreign countries and a number of ships at sea. Complete information may be obtained and calls may be placed by calling "Long Distance."

Helpful Information

PLEASE DON'T CALL "INFORMATION" NEEDLESSLY

Three out of five calls to "Information" are for numbers that are listed in the telephone directory. If you are in any way doubtful concerning the number you wish to call, please check your own directory or personal number list first. If you are unable to find the number, call "Information" and an operator will help you. Make a note of numbers furnished by "Information" for future reference.

PARTY-LINE COURTESY PAYS

If you are on a party line, remember that consideration among those on the line will be appreciated by all.

These suggestions will help you obtain the best service:

Listen for a moment to make sure the line is clear before you call, so you won't interrupt a neighbor's call. Replace the receiver quietly if the line is in use. Keep calls to a reasonable length, and avoid consecutive calls when it is evident that others are waiting.

GIVE THE CALLED PERSON TIME TO ANSWER

The person you are calling may be unable to reach the telephone quickly. If you allow plenty of time for answering, it may save making another call. Wait at least one minute before you decide no one is there.

IDENTIFICATION OF TELEPHONE EMPLOYEES

Each employee of the Company carries an identification card showing his photograph and his signature. The card is countersigned by his supervisor. If at any time you are doubtful as to the identity of anyone requesting access to your premises in the name of the Telephone Company, ask him to show you his identification card.

CONCERNING BILL PAYMENTS

Telephone bills are issued once a month and may be paid by mail, or in person at the business offices. Payments may also be made after office hours, on Sundays and on Holidays in a conveniently located depository marked, "payments" at the business office.

ERRORS IN THIS DIRECTORY

While every effort is made to attain absolute accuracy in this directory, errors or omissions, for which the Company assumes no liability, sometimes occur. To aid us in keeping the directory as accurate as humanly possible, we would appreciate your checking your listing and, if incorrect in any way, calling the business office so that the error can be corrected in the next issue.

FEDERAL TAX

The following outlines briefly the taxes applicable to local service and equipment.

Fifteen per cent of the monthly charges for Local Service and Equipment.

Fifteen per cent of the Guarantee for Coin Telephone Service.

Service Connection, Move, Change, Charges, etc., are not taxable.

"BEEP" TONE TELLS WHEN TELEPHONE CONVERSATION IS BEING RECORDED

A short high "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the telephone line.

This signal is provided by the telephone company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder the signal is no longer heard.

The "beep" is produced automatically by the device used to connect the recorder to the telephone line. It stops when the recorder is disconnected. Use of a recorder without this signal is unlawful.

SPEAK IN A NORMAL VOICE

You can be heard most distinctly if you talk directly into the mouthpiece and speak in a normal tone of voice.

"GADGETS" MAY HARM SERVICE

In the interest of good service please avoid the use of "gadgets." They are more likely to interfere with telephone service than improve it, and the Company must reserve the right to remove any unauthorized equipment or devices in the interest of maintaining good telephone service.

ATTACHMENTS TO DIRECTORIES

To insure the usefulness of the directory no attachment, holder, or auxiliary cover, except such as may be furnished by, or with the consent of the Telephone Company, shall be used in connection with any Telephone Directory furnished by the Telephone Company.

HOW TO AVOID WRONG NUMBERS

If you are not sure of the number you wish to call, please look in the directory. Make a list of frequently-called numbers and keep it up to date. Depend on your memory only for those numbers called regularly and of which you are certain. Make a note of numbers furnished by "Information" for future reference.

FOR ASSISTANCE IN EMERGENCIES

Telephone numbers for emergency calls are listed on page 1 of this directory. Also, you can get help in emergencies by calling the operator.

YOUR TELEPHONE NUMBER

We're sorry we can't say to you, "We'll never have to change your telephone number." As a matter of fact, we don't like to change telephone numbers, and we will not do it unless it's absolutely necessary.

OUR AIM

Our aim is to render a service that will be helpful and pleasing to our customers. We realize that difficulties will sometimes arise despite all our efforts to avoid them. If, at any time, the difficulties are not promptly and satisfactorily corrected, we shall appreciate it if you will communicate the facts to the MANAGER.

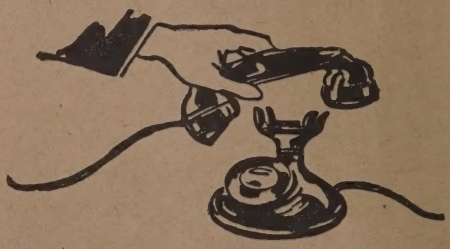
BUSINESS TRANSACTIONS

All matters relating to new telephone service, changes of address, terminations of service, directory listings, extension telephones, private branch exchanges, intercommunicating systems, collections, adjustments, etc., are the responsibility of a Service Representative in our business office, located at 127 West 8th Street, telephone 1. Whether you call by telephone or in person you will find her anxious to help you with any questions you may have about your bill or your service.

ARCHITECTS AND BUILDERS SERVICE

Concealed wiring, through the use of conduit, which is ordinary pipe, enables you to have built-in telephone outlets in rooms where telephones would be most useful. We will consult with you without cost or obligation and make recommendations for these facilities. Call the Business Office.

BE CERTAIN TO HANG UP CAREFULLY



"Banging" the telephone when you hang up may give the person at the other end an unpleasant bang in the ear. It may also cause the telephone to go out of order.

INDIANA BELL TELEPHONE COMPANY
BELL SYSTEM
AMERICAN TELEPHONE & TELEGRAPH CO.

Give The Person You Call Time to Answer

Time passes slowly when you are waiting at the telephone for some one to answer your call. A few seconds may seem like a couple of minutes.

When you make a telephone call give the person you are calling plenty of time to answer. He may be far from the telephone or may not have heard it ring the first time. He may have been delayed in answering.

By waiting a short time you may save yourself the trouble of calling again.

YOUR VOICE IS YOU

When you lift the receiver of your telephone you are about to meet someone—to engage in a conversation just as if you were meeting face-to-face. Speak pleasantly—telephone courtesy wins friends.

Courtesy...

We want your telephone service to be quick and good and cheap. But there is more to it than that. We want it to be courteous too. No matter what the occasion, there's always time for a cheery "please" and a pleasant word of thanks. That is the Bell System way. It is one of the traditions of the telephone business.
